No report has been received of the descendants of Martha Scattergood. Several of the name now reside in Burlington Co., and probably are descended from her. Her children were born between 1704 and 1732. She probably died before 1735.

The names of the descendants of Thomas Shreve, other than his children, are not reported. These are ascertained from his will and the church records of marriages. They were born after 1712, and Hilbournes, Norths and Tylees born after 1740 may be descendants of this branch. Whom the two sons and Martha married is unknown. Thomas lived and died in Burlington, N. J.

The tabulation of Joseph Shreve's descendants is not satisfactory. He resided in Mansfield Township, Burlington County, where he died. No inventory of his estate was filed nor any record of a settlement, consequently the names of his children do not occur in the probate records of the county. He was married to Hope, the daughter of Thomas Harding, by Friends Ceremony. Inasmuch as many descendants in this branch bear her name, she must have been an exemplary woman. The descendants of their son, Caleb, have generally continued to reside in Burlington Co., and transmitted their genealogy in a reliable manner. By the authority of S. H. Shreve, a son, Thomas, is placed in the family tabulation. He married March 1st, 1740, Sarah Shreve, his cousin, daughter of Joshua Shreve, for which the Society of Friends "disowned" them. Their descendants are not known. A daughter, Ann, married Solomon Southwick by Friends Ceremony about 1747. Some of their descendants live in Burlington Co. Another child, Mercy, is placed in the family tabulation on the authority of Mrs. Mary A. Hand. Mercy Shreve married James White about 1747. Mrs. Hand's paternal grandmother, Hope Robbins, was a cousin of her maternal grandfather, Isaac Shreve. They therefore, were grandchildren of Joseph Shreve and Hope Harding. Hope Robbins' parents were Mercy and James White. There may have been other children. Joseph Shreve's family were born after 1711.
